MEROMORPHIC FUNCTIONS WITH MISSING AND ALTERNATING COEFFICIENTS

KHALIFA AL-SHAQSI and MASLINA DARUS

Abstract. In this paper, we introduce a new class of meromorphic functions with missing and alternating coefficients. The usual properties such as coefficient inequalities, distortion theorems, the radii of starlikeness and convexity, closure theorem of the functions belonging to this class are obtained.

MSC 2000. 30C45.

Key words. Meromorphic functions, meromorphically starlike, convex functions.
